5. CUSTOMER'S ACKNOWLEDGEMENTS AND OBLIGATIONS

- A. **MULTIPLE USERS:** As the Licensee, you also acknowledge and agree to cause all persons who use the Service through the computer or any computer belonging to you, your affiliates, subsidiaries, assigns or any other non-arm's length party to review and comply with the terms and conditions of this Agreement. You further acknowledge and agree that as the Licensee you are solely responsible and liable for any and all breaches of the terms and conditions of this Agreement, whether such breach is the result of use of the Service by you or by any other user or persons using the Service through your license.
- B. **COMPUTER EQUIPMENT:** The Customer acknowledges and agrees to these requirements and further agrees that it will not be entitled to receive technical support relating to any issues other than the Service as unmodified. Displaying the Customer's business telephone number or email address on outbound calls/texts/emails allows called parties to recognize and identify the source of the email or call and therefore improves the successful delivery of messages to the Customer's patients, clients, or associates. Inphonite cannot control Caller ID services on any particular telephone network and therefore makes no

warranties or guarantees regarding the actual displayed content that any particular carrier chooses to display on Caller ID.

- E. **PERMISSION TO RECORD CALLS:** Some features of Inphonite include the ability to record calls. These features may be used by Inphonite's technical department to hear static or other line noise while determining messaging problems and solutions upon request and agreement. In these instances, Inphonite will store call recordings for not longer than 45 days, at which point they will be deleted forever. Customer agrees and understands if it requires technical assistance beyond that 45-day period, no recording, nor remedies for same will be available. Recording calls is also available as a feature to Customers. It is the sole responsibility of the Customer to obtain consent regarding the recording of calls and also to confirm and verify that according to any applicable, local, state, or federal laws it is legal to be recording calls. In all instances, Inphonite will not be liable for any claims regarding the recording of calls.
- F. **NO CRITICAL APPLICATIONS:** The Customer acknowledges and agrees that the Service is not designed, intended, authorized or warranted to be suited for critical applications where failure or potential failure of the Service can cause injury, harm, death or other grave problems, including, without limitation, delays in getting medical care or other emergency services. - G. **CONTENT:** The Customer acknowledges that Inphonite assumes no responsibility for and exercises no control over the Content communicated via the Service as provided by the Customer (the "Content"). Inphonite shall not be liable for any loss or damage arising out of inaccurate and/or incomplete Content provided by the Customer. Inphonite makes no representation or warranty that the Service shall accurately contact or connect with any third parties as directed by the Customer or that such Content will be communicated in part or in entirety.
- H. **TERMINATION IN EVENT OF BREACH:** The Customer acknowledges and agrees that, in addition to the termination rights set out herein, Inphonite may, in its sole discretion, suspend or terminate one or more features of the Service without notice or refund if the Customer is in breach of any term or condition of this Agreement, including late, or non-payments.
- I. **PROHIBITED USE:** The Customer agrees that it shall not use the Service or any features of the Service to, directly or indirectly: (a) copy, distribute or sublicense any software Inphonite provides or makes available to the Customer; (b) alter, modify or tamper with the Service or feature(s) of the Service; (c) resell the Service or provide the Service to any third party without written permission and Agreement; and (d) in a manner that (i) is libelous, harmful to minors, or constitutes pornography; (ii) infringes the copyrights, patents, trade secrets, trademarks, trade names or other proprietary rights of a third party or is otherwise unlawful; or (iii) would otherwise give rise to civil liability, or that constitutes or encourages conduct that could constitute a criminal offence, under any applicable FCC, IC, or other laws or regulations. In addition to Inphonite's termination rights set out elsewhere in this Agreement, Inphonite may terminate this Agreement if the Customer engages in one or more of the above, or any prohibited activities. Customer agrees to indemnify and hold harmless Inphonite and its officers, directors, shareholders, employees, and agents from and against all third party claims arising due to a breach of any of the provisions of this Section.

- J. **SECURITY:** The Customer is solely responsible for taking the necessary precautions to protect itself and its equipment, software, files and data against any and all risk inherent in the use of this shared resource. Without limiting the foregoing: (a) Customer is solely responsible for the security of any device which the Customer chooses to connect to the Service, including any data stored on such device; (b) Customer is responsible to ensure that others do not gain unauthorized access to the Customer's computer by taking the appropriate security measures; (c) The Customer is solely responsible for any and all Content transmitted. Inphonite makes no representations or warranties with respect to, or connection with the security or confidentiality of the data transmission. Notwithstanding the foregoing, Inphonite does provide tools to allow for secure messaging, however, the Customer is responsible for utilization of these tools and features. Inphonite is not responsible or liable for negligence or misuse by Customer regarding same. The Service, accessed via the internet through a personalized URL, usually requires a private password and login ID. The Customer understands that possession or knowledge of login information would result in that person being able to access the Service. The Customer acknowledges and agrees that the security and login information is the Customer's responsibility and Inphonite and its suppliers are released from any liability resulting from unauthorized access into the Service not caused by our negligence. In no event shall Inphonite be liable for any loss of Content or other claims, losses, actions, damages, suits, or proceedings to the extent the same arose from unauthorized access to the Licensee's account by obtaining login information caused by a negligent or willful act of the Customer, or arising out of or otherwise relating to the Customer's failure to take appropriate security measures. The Customer is responsible for the entire cost of any service, repairs, or connections of and to any computer using the Service which may be necessary as a result of the Customer's failure to take appropriate security measures.
- K. **NATIONAL AND STATE DO NOT CALL COMPLIANCE AND SMS/TEXT/EMAIL OPT-IN:** It is the sole responsibility of the Customer to comply with National and State Do Not Call regulations that restrict telemarketing calls/texts. Inphonite will not knowingly violate any federal or state dialing regulations. Customer warrants that every telephone number submitted to Inphonite for call generation is either exempt from such regulations and/or that Customer has verified that the telephone numbers submitted to Inphonite are not included in any State or Federal Do No Call lists. Customer is fully and solely responsible for any action that results from any violations of Do Not Call Lists and fully indemnifies Inphonite from any and all such actions. Customer shall pay the cost of Do Not Call List compliance, and acknowledges that the fees listed in this agreement do not and shall not include any aspect of DO NOT CALL LIST compliance. For SMS/Text Messaging services and emailing, Inphonite provides opt-in and opt-out options as required by regulatory provisions. Some services allow Customer to create and send text messages to any phone number or email messages to any email address. If Customer chooses to use these features, then Customer agrees to be fully responsible for obtaining permission to send messages to any and all phone numbers and email addresses that the customer submits to the Service.
- L. **LIABILITY:** Inphonite agrees to indemnify, defend and hold Customer harmless from any claim of United States patent, trade secret, or copyright infringement asserted against Customer by virtue of Customer's licensed use of the Software, provided that (a) Inphonite is given prompt written notice of any such claim; (b) Inphonite has the sole right to control and direct the defense of such claim; and (c) Customer shall reasonably cooperate with Inphonite in such defense.

Inphonite shall have no liability for any claim of infringement that results from: (a) any modification of the Software by Customer; (b) any failure by customer to implement updates to the Software as supplied by Inphonite; (c) the combination, operation, or use of the Software with non-Inphonite programs, data or documentation, if such infringement would have been avoided by the use of the Software without such

combination, operation or use; or (d) materials developed by Inphonite in accordance with Customer's specific design instructions.

In the event the Software, in Inphonite's opinion, is likely to or does become the subject of a claim of infringement, Inphonite shall have the right at its sole option and expense to: (a) modify the Software to be non-infringing while preserving substantially equivalent functionality; (b) obtain for Customer a license to continue using the Software; (c) or terminate this Agreement and the license hereunder.

THE FOREGOING STATES THE ENTIRE LIABILITY AND OBLIGATION OF INPHONITE, AND CUSTOMER'S SOLE AND EXCLUSIVE REMEDY, WITH RESPECT TO ANY INFRINGEMENT OR CLAIMS OF INFRINGEMENT BY THE SOFTWARE, OR ANY PART THEREOF, OF ANY PATENT, COPYRIGHT, TRADE SECRET OR OTHER PROPRIETARY RIGHT.

6. SERVICE MONITORING AND WARRANTIES

Inphonite monitors the InphoniteVoice servers regularly. InphoniteVoice is a highly reliable service provider with very little downtime. Inphonite installs updates during off-peak weekend hours, generally with no more than a couple of hours downtime for these updates. However, due to the nature of computers, mobile phones, the Internet, and land or VoIP phone lines, it is possible that we may experience some other outages and will not be able to provide our services on any given day or time. The Service is further supplied on an "as is" basis without warranty of any kind. Inphonite disclaims all warranties, both express and implied, including but not limited to any implied warranties of merchantability and fitness for a particular purpose and any warranties of non-infringement.

If for any reason we do experience an outage of our services, message credits for paid users will be refunded to your account. There will be no compensation to Trial Offer Service users whatsoever.

We reserve the right to change, limit, or eliminate IV-SaaS at any time without advance notice. If such a change is made to InphoniteVoice, we will do our best to notify our users via e-mail.

The Customer is solely responsible for ensuring that all information, including contact information, in the Customer's database is accurate. Therefore, please be certain the contact information in your database is accurate and up to date. We do not provide refunds for messages that were setup with improper contact information, including and not limited to area codes, phone numbers, email addresses, dates, times, or using the improper time zone, location, provider, or message preference. Please double check your calls/texts and understand that if you are sending out a call/text from a specified time zone, the call/text will be sent out at that time to ALL your callers and is not adjusted for each phone number's local time zone unless set up with separate location settings. Additionally, if using the mobile application of InphoniteVoice, Inphonite will not reimburse or refund any credits for any messages that were "butt-dialed" or accidentally selected to be sent.
